Good Afternoon,

It was great to see everybody at the R5 State Pesticide Lab Directors Meeting over the past two days and to connect with those on the phone.

Attached is the first of several emails with presentations from the meeting.

We would like to briefly request your feedback on the meeting, including any thoughts you might have on whether the meeting met your expectations, and how we can make it even better next year. Are there any topics you would like to discuss which were not on the agenda? Were there any meeting logistics that could be improved? We've implemented the GotoMeeting option to enable those who cannot attend in person to view the presentations along with those in the meeting room and we would like to hear how that worked. In short, we welcome your feedback either by telephone or email.

Thanks and we are looking forward to seeing you either in your states or at the next workshop or meeting.

SAVE THE DATE: September 23-24, 2020: R5 State Pesticide Laboratory Directors Meeting

We hope you had safe travels home.

All the best,
Margaret
